MARKET ANALYTICS

Study with Bennett University on usage of AI/ML for data-driven decision making in the skilling ecosystem

- ✔ Objective – identify factors that affect placements of candidates enrolled in PMKVY STT program
- ✔ Approach – Bennett University created a predictive model using Machine Learning (ML) on a random sample of 1,50,000 candidates enrolled in PMKVY STT program (See picture on the right)

Key findings :

- ✔ The model achieves close to 70 percent accuracy in the placement prediction
- ✔ The analysis revealed the importance of variables such as age group, name of particular training center (TC), training partner (TP) and job role details with regard to placements
- ✔ A subsequent suggestive modelling was also created to assist training centres and potential candidates on choosing best fit sector and job role in terms of post training placements

For details, please visit https://skillsip.nsdcindia.org/

Model Training: Training Data Input → Random Forest Algorithm → Predictive Model

New Candidate Data Input → Predictive Model

Predictive Model → Placement Prediction

Prediction

KEY HIGHLIGHTS

1. NSDC and American India Foundation (AIF) have announced a strategic partnership aimed at providing employability skills to 1,00,000 Indian youth.

2. NSDC has partnered with 21cc Education to offer to its ecosystem high quality eContent from Logistics sector at affordable prices through eSkill India platform. Over 40 interactive eCourses have been catalogued on eSkill India for in-demand job roles such as Warehouse Operations and Management, Air Cargo, Cold Chain Transportation and Management etc.

3. NSDC and EdCast have partnered to integrate EdCast's eLearning courses on eSkill India portal.

4. NSDC has partnered with Ybrant to catalogue their English and employability course on eSkill India portal.

₹88.02 Cr	₹6.96 Cr	₹3.44 Cr	₹98.42 Cr

In Nov '20

*Includes persons oriented under PMKVY 2.0 - RPL

Note – Due to the nationwide lockdown, training operations at physical centres were put on hold. The total numbers reported under PMKVY 2.0 and PMKK (except for number of PMKK centres and geographical coverage) on this page reflect the same level as reported in March 2020. The data reported under Skill India Portal (SIP) during April to December 2020 is being processed and reconciled as training operations resume gradually. Dashboards for subsequent months shall capture the newly trained numbers.

AATMANIRBHAR SKILLED EMPLOYEE EMPLOYER MAPPING (ASEEM)

|	As of Nov '20
