MARKET ANALYTICS

Gender analysis of PMKVY 2.0 – Short Term Training (STT) – Key State Observations

Female placement rate is higher than for males in 13 of the top 15 states (which account for 86% of trainings)

Share of females in training is >50% in only 5 of the 15 largest states – Tamil Nadu, Delhi, Punjab, Jammu & Kashmir, Telangana – and that in placements is >50% in 7 out of the top 15 states (Haryana and MP, in addition to the above 5).

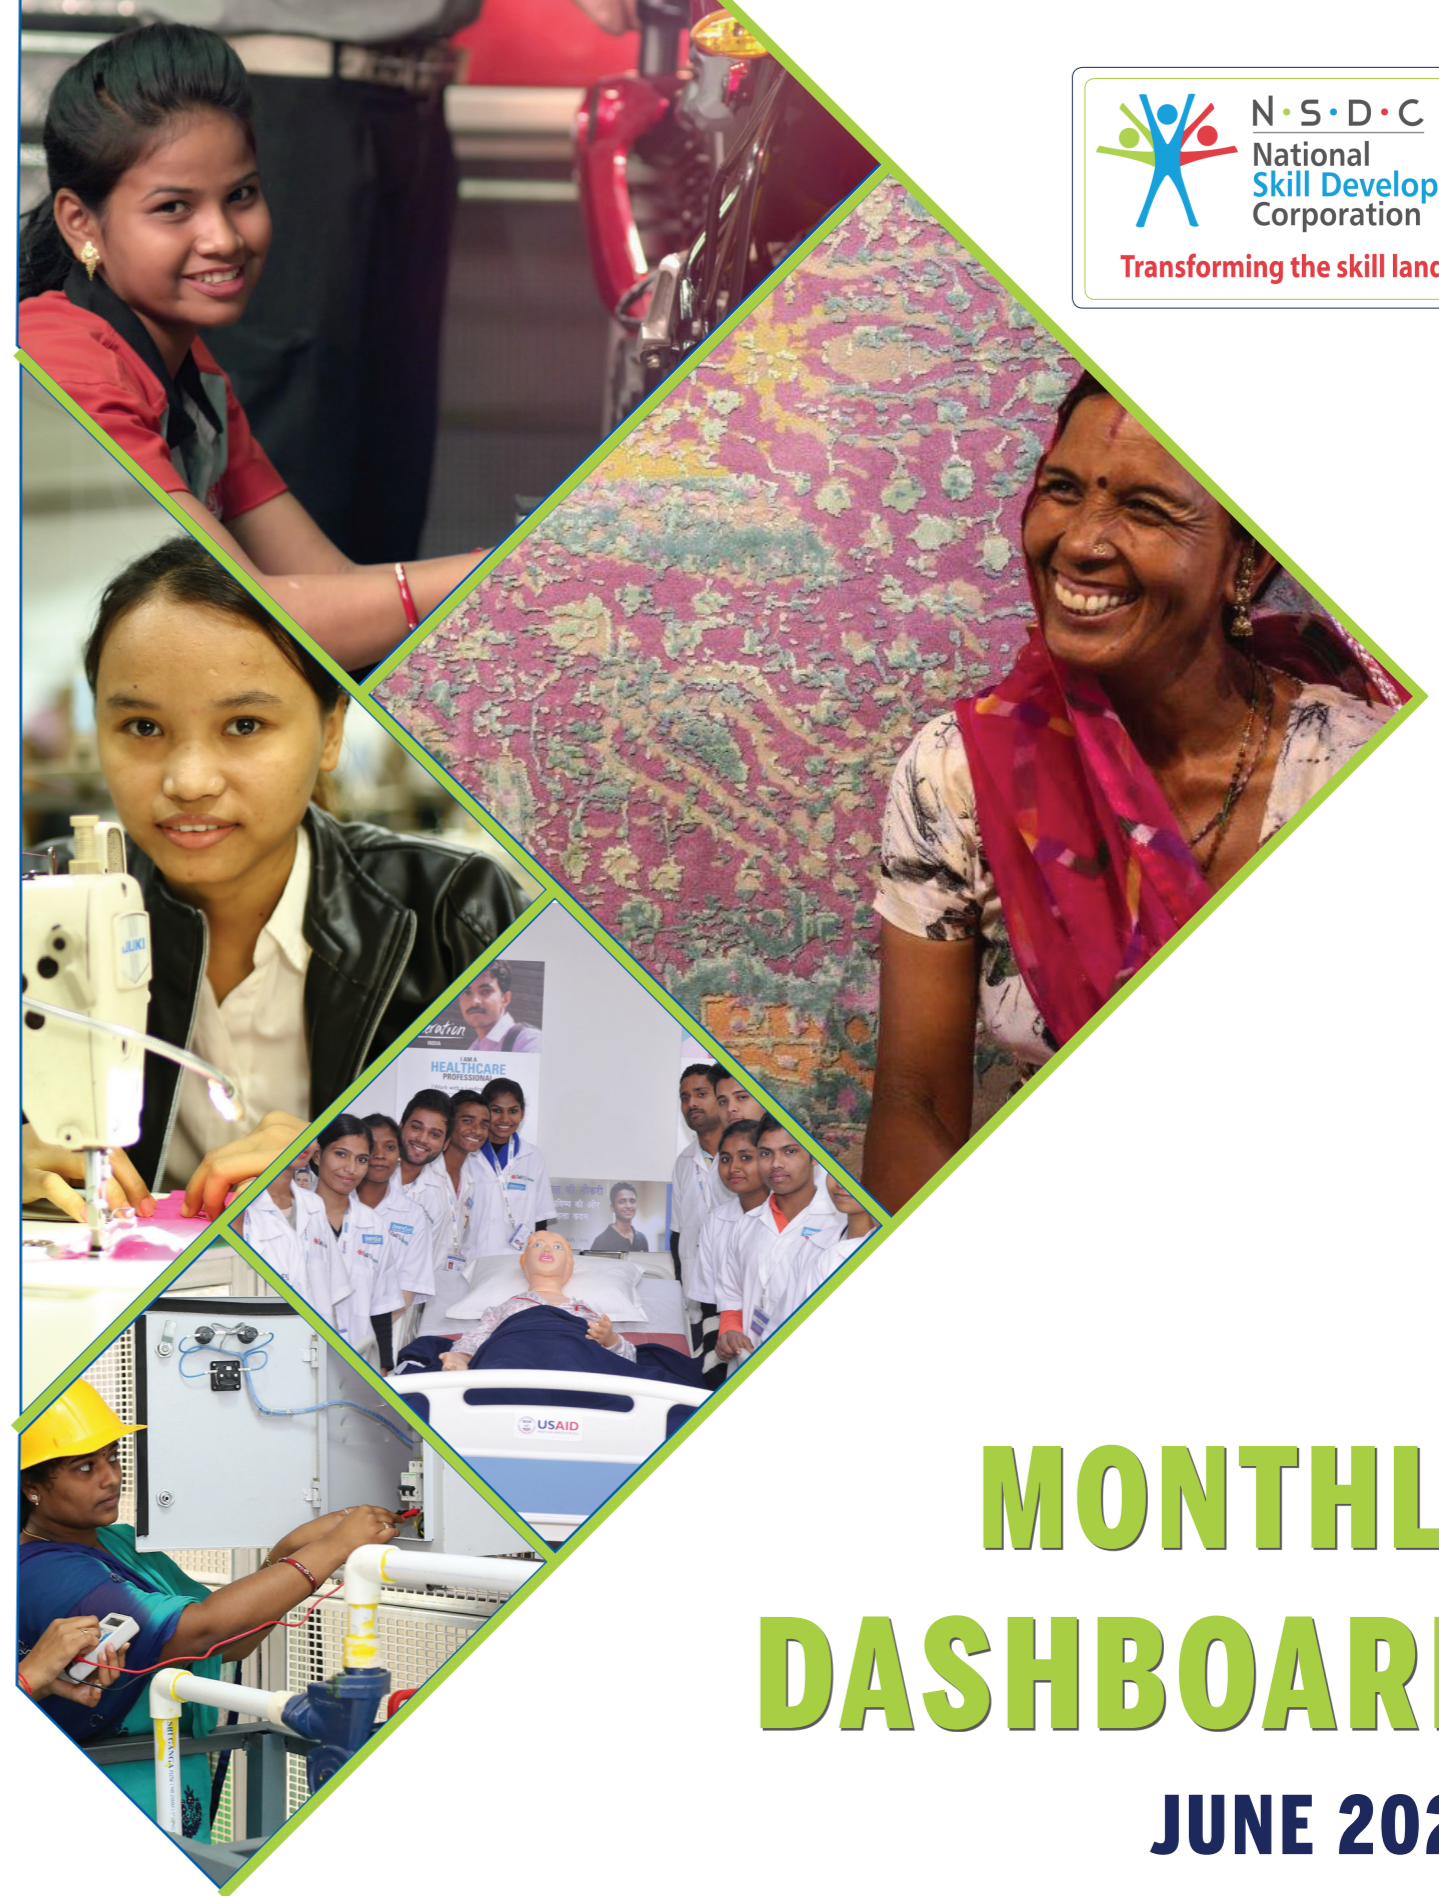

Source: SDMS, as of 3rd February, 2020

KEY HIGHLIGHTS

- 1 Skilled Workers Arrival Database for Employment Support (SWADES) was launched by GoI with the aim of mapping skills of overseas returning citizens through Vande Bharat Mission. Under SWADES, a database of qualified citizens is created based on their skills and experience to tap into and fulfil demand of Indian and foreign companies.
- 2 NSDC joined hands with Internshala to offer an e-platform, provisioning work-from-home internship opportunities for school students pursuing vocational education. The pilot has been rolled out in 8 States: Haryana, Himachal Pradesh, West Bengal, Odisha, Chhattisgarh, Madhya Pradesh, Maharashtra and Goa.
- 3 To enable continuity in learning for school students under Vocationalization of School Education (VSE) scheme, e-learning content from eSkillIndia portal for 22 QP-mapped courses (which are offered in schools), were shared with States and UTs through PSS Central Institute of Vocational Education (PSSCIVE).
- 4 Amazon digital campaign, which was launched to recently drive awareness on the importance of precautionary measures in combating Covid-19, has gathered traction with 1.66 lakh outreach, 25k+ followers, 67k+ engagements in the facebook page.
- 5 Webinar series on Enablement of Trainers and Center Staff on Digital Skilling Tools have impacted 5,400+ trainers and centre staff.
- 6 NSDC partnered with TCS iON to provide TPs access to the TCS iON Digital Glass Room, enabling them to move classroom vocational skills training to online mode for lakhs of students across the country.
